From the Office

Access to the Building for After-School Sporting Events

Please note that the main entrance to the school is actively monitored for the first 20 minutes following dismissal (until 3:15 pm) for spectators arriving to attend after-school sporting events.

After this time, the teacher supervising the game will periodically check the doors; however, there may be a short delay before access is granted. We kindly ask for your patience and request that visitors avoid knocking or banging on the doors repeatedly.

Thank you for your understanding and cooperation as we work to maintain a safe and orderly environment for students and staff.

GJHS Ski Team

Race dates for the GJHS Ski Team have been announced! The three main races will take place at Ski Wentworth on February 4th, 11th and 18th (pending weather!), with the provincial championships on March 4th for teams/individuals that qualify.

There will be an information session for **all ski team members** immediately after school on Thursday, January 15th. Please meet in front of the school admin office at 3:05pm.

From the HRCE

Power Outage Information for Families

As we move into the winter months, we want to share how decisions are made when a school experiences a power outage.

Our priority is always to keep schools open safely when possible. A power outage does not automatically mean classes are cancelled – even if it happens during the school day. The decision depends on when power is expected to be restored.

Here's what happens:

- When a school loses power, HRCE's Operations Team contacts Nova Scotia Power to gather available details on the cause and an estimated restoration time.
- Once we have this information, we consider:
- Before school starts: Have buses begun their routes? If so, we wait until students arrive before making a decision. If classes are cancelled, elementary families will be contacted before dismissal.
- During the school day: How close is dismissal? What is the temperature in the building? Does the school rely on power for water or septic systems? These factors, among others, help us decide whether to stay open or close. Often, power returns faster than we could safely send students home.

If classes are cancelled:

- HRCE will notify families by email and text.
- Families of elementary students will also receive a phone call before dismissal.

Deciding to close schools during a power outage is never simple, but safety is always our top priority. We understand that cancellations can be inconvenient, and our goal is to keep students learning in class whenever possible.

More information about school cancellations for any reason can be found [here](#).

Duke of Edinburgh

Duke of Ed Bottle Return Fundraiser: The school has set up an account with Tanner's Recycling to raise funds for the Duke of Ed Program to offset student fees for the program. Tanner's Recycling is located at 6393 Bayne St, Halifax, NS B3K 2V6, near the Windsor Street Exchange. At any point, you can bring refundable bottles/cans/tetra packs to their location, tell them that it is for Gorsebrook Junior High School, and they will add it to our account. It would be a great help to them if you label the bags with our School name. If the bottle depot is out of your way, you are also welcome to drop clean, refundable bottles/cans/tetra packs to Mme Jang at Gorsebrook on Fridays. Thanks!

Learn About the Influenza Vaccine

Fast Facts about the Flu Vaccine

Influenza (the flu) is a virus that peaks in transmission in the fall and winter months

- Most people are mildly ill when they contract the flu but sometimes the flu can be serious and require admission to the hospital
- Children under 6 years are at the highest risk of serious complications from the flu
- The flu and RSV can occur at the same time, making children more at risk of needing hospitalization
- The flu vaccine is recommended yearly for children 6 months and older to protect against serious complications of the flu
