Please describe a summary of work undertaken by the SAC to improve student achievement and school performance.

The school advisory council has supported purchasing additional supplies and equipment for our electives program. These hands-on learning opportunities support the well being of all students.

The school advisory council has supported the purchase if addition PE equipment to be used during the lunch hour to improve student well being and physical activity.

The school advisory council has supported the purchase of additional science supplies and equipment to support our science labs. In addition, we also purchased a seed growing kit.

The school advisory council support the purchase of an annual subscription to IXL Math to support our instructional goals in Math.

The school advisory council supported our schools implementation of cell phone hotels in each classroom to reduce distractions for students. Our goal was also to reduce any form of negative online/bullying interactions while at school.

Please list any significant milestones and success stories that the SAC would like to highlight.

The introduction of cell phone hotels in the classroom has reduced distractions in the learning environment. Our PE lunch time equipment is a big hit with students and helps to contribute with daily physical activity.

Please describe any related sub-committee work undertaken by SAC members (e.g., School Options Committee).
